A step-by-step guide to creating your own Facebook Fundraiser

**STEP 1:** After logging into your personal Facebook page, click **Fundraisers** under the **EXPLORE** in the menu to the left of your News Feed.

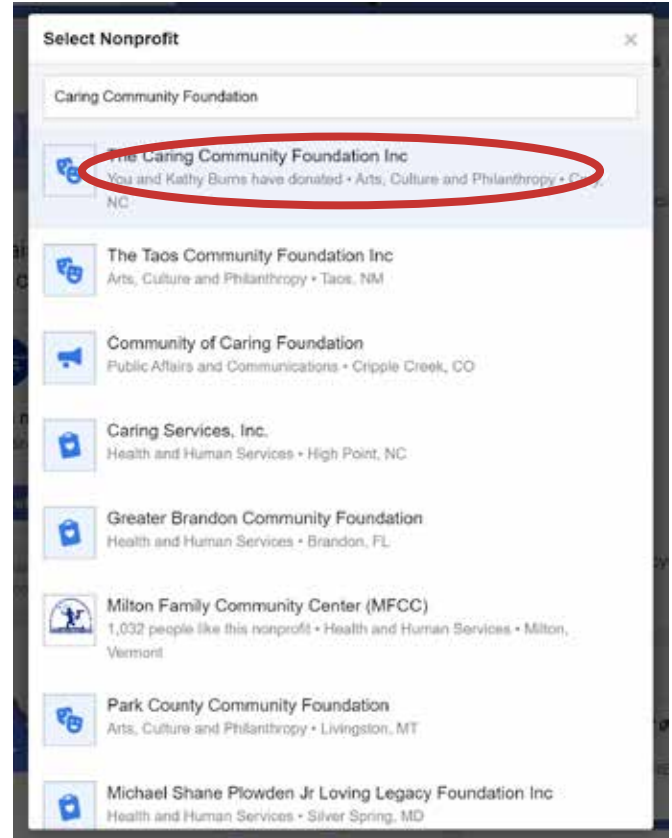

If you do not find **Fundraisers** in your menu, you can type **"Fundraisers"** in your search bar and click **Visit**.

**STEP 2:** Click **Select Nonprofit**.

**Step 3:** In the Nonprofit search bar, type in “Caring Community Foundation” and select it from the dropdown list that automatically populates. It should be the first one!

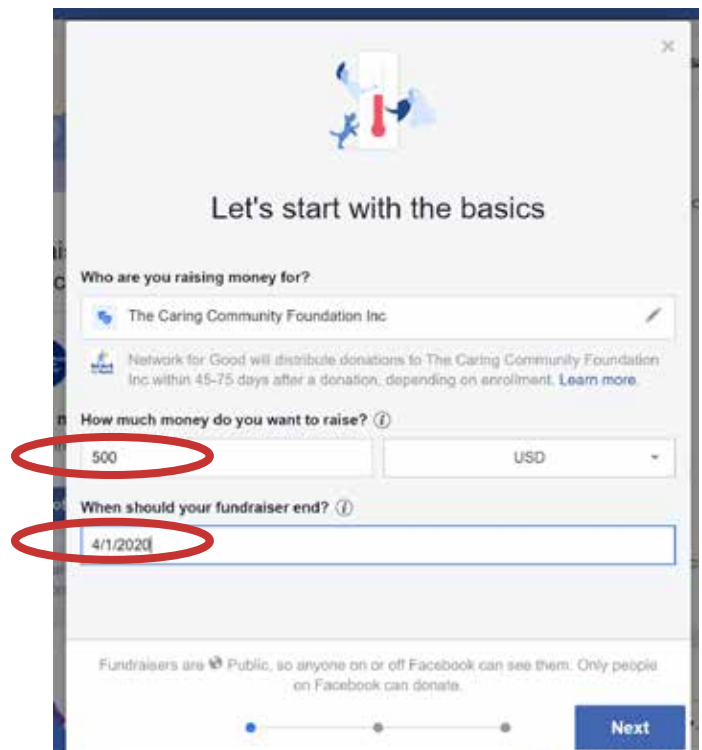

**Step 4:** Start with the basics.

**The Caring Community Foundation Inc** automatically populates.

Next choose the amount you want to raise in your fundraiser.

Then decide how long you'd like your fundraiser to last.

**Step 4:** Tell your story.

The fundraising title automatically populates. Feel free to be creative!

Tell everyone why you're raising money. Your friends want to know why this matters to you, so the more personal you can make it, the better. Below is a narrative you can use. Again, feel free to edit, change or use your own story!

The screenshot shows a digital form titled "Tell your story" with a small illustration of a person at the top. The form has two main sections: "What's the title of your fundraiser?" and "Why are you raising money?". The first section contains the text "Maria's fundraiser for The Caring Community Foundation Inc". The second section contains a detailed narrative about supporting cancer patients. At the bottom of the form, there are "Back" and "Next" buttons, along with a progress indicator.
