

2023 IMPACT REPORT

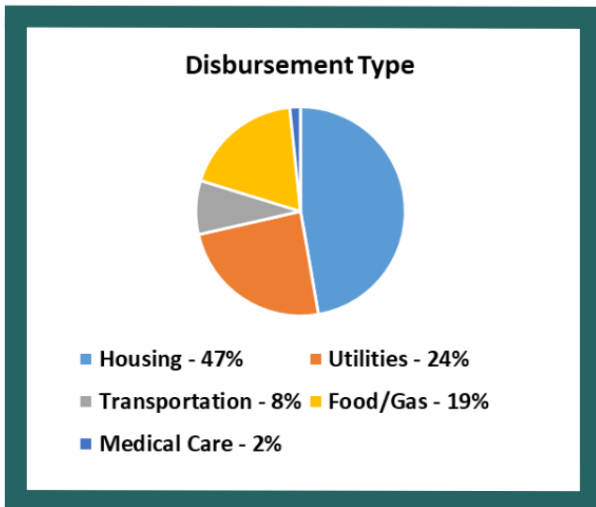

2023 was a transitional year for Caring Community Foundation. We were coming out of two years affected by Covid. We briefly paused disbursing funds for cancer patients in late 2022 in order to evaluate our financial structure and fundraising strategies. After a careful review, we started disbursing funds to patients again in mid-2023.

OVER \$50,000 DISBURSED - 92 PATIENTS SERVED - 182 LIVES TOUCHED

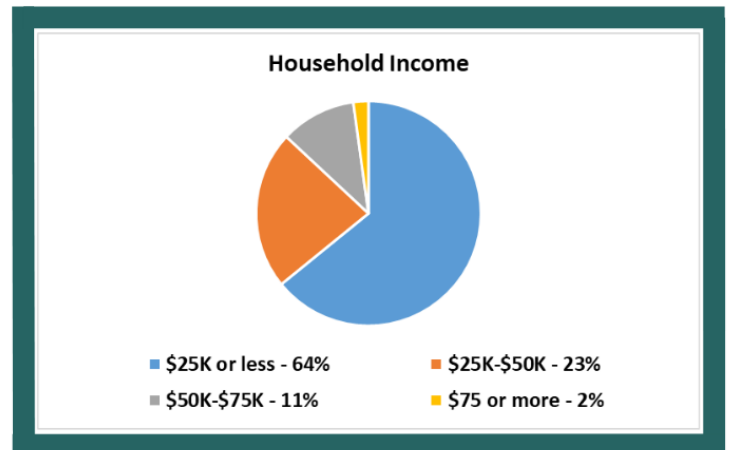

Patients range in age from 23 to 80 years.

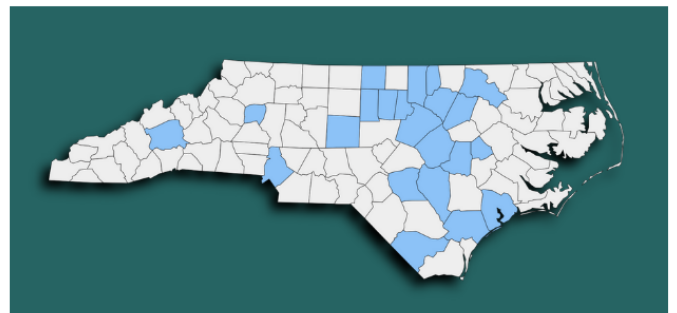

How we helped!

64% of families we served had household incomes of \$25,000 or less.

Families served were from 22 NC counties.

SINCE 2001, CARING COMMUNITY FOUNDATION HAS PROVIDED OVER \$2.7M TO MORE THAN 4,700 PATIENTS IN NEED.
